SKILLS

Soft skills :
- Team management
- Leadership
- Problem solving
- Time management

Software skils :
- c
- Python
- HTML , CSS
- Figma

LANGUAGES KNOWN

- Tamil
- English
- Japanese

PERSONAL STATEMENT

Passionate and creative UI/UX designer with a solid foundation in HTML and CSS, complemented by coding skills. I thrive on transforming complex ideas into intuitive and engaging user experiences. I am dedicated to delivering visually appealing and user-friendly digital solutions. Additionally, I have cleared the Japanese N5 level, showcasing my commitment to continuous learning and cross-cultural communication. I am eager to contribute my skills to a dynamic team where I can continue to learn and grow in the ever-evolving field of design.

PROJECTS

REVOLUTIONIZING HEALTH DIAGNOSIS USING ADVANCED AI

- AI algorithms can analyze complex medical data, reducing human error and improving diagnostic accuracy through pattern recognition.

THE SMART HOSPITAL MANAGEMENT SYSTEM USING PYTHON FLASK

- I developed a web application that can manage hospital patient details and their appointment details.

EXPERIENCE

- **Complete Web & Mobile Designer: UI/UX, Figma**

  MasterFigma for your design needs then learn to convert your designsinto a live HTML and CSS website.

- **Building an Own Google Blogger Website**

  Blogger offers an intuitive dashboard that makes it easy for users to create and manage their blogs without extensive technical knowledge.

ACHIEVEMENTS

- **JLPT N5 Certified**
  Can communicate in **Japanese language**

- **Published Paper** on International Conference on Recent Trends in Computing and Communication Engineering(ICRTCCE-2024)

- **Started a Japanese language club in my college**
  Vice Secretary of HIKARI club (Japanese language club)
